**8** **My Degree Map**

My Degree Map is a tool that provides you with a visual representation of the courses you need to take to complete your degree program. It is designed to help you plan your course of study and ensure you are taking the correct sequence of courses. My Degree Map is available for all degree programs and is updated regularly to reflect changes in the college catalog.

My Degree Map serves as a guide to assist you with the proper sequence and selection of courses. It does not replace your Program Evaluation (available through Trojan Web Express), which depicts the official document used to clear students for graduation. My Degree map includes the required course work and suggested sequence of courses for a particular degree program. Every reasonable attempt has been made to ensure accuracy of content. Please keep in mind that some courses, such as developmental or pre-requisite courses, are not reflected in My Degree Map. Completion of degree requirements is based on the specific catalog year under which you were admitted to TROY. Please consult the college catalog, your academic advisor, your specific school, department, or your Program Evaluation for any additional requirements.
