

Dr. Vitaly Voloshin , professor of mathematics, will have a plenary talk at the major international conference “Combinatorics 2012” which will take place in Perugia, Italy, September 9-15, 2012 (<http://combinatorics.dmi.unipg.it/>). Troy University is the only undergraduate university in the list of 15 universities of the world represented by plenary speakers. Only four US universities are presented in the list.

For a complete list of Dr. Voloshin’s presentations, publications and citations, see his webpage at <http://spectrum.troy.edu/voloshin/>
